This time, Wehack is going to be bigger and better with more students, more mentors and more innovators!

We would like you to sponsor Wehack and here's exactly why you should RECRUITING

Hackathons give you incomparable access to top technical talent and we can proudly say that we attract some of the smartest people around. People in this community know us by name- not just because we've been around so long but because we've had quite a bit of time to make mistakes and learn from them in order to throw (what we think is) the best hackathon possible. This combination of prowess and reputation gives us access to an unbelievably talented applicant pool, of whom we pick the absolute best through rigorous application process.
